MEMORANDUM FOR CHAIRMAN OF ARC

SUBJECT: Request for ODE Prints

1. In order to carry out complete and timely utilization of TALENT materials for the production of Target graphics and related intelligence it is necessary to maintain close coordination between the Target offices Hq USAF and Hq SAC. Such coordination can best be accomplished by having available to the offices concerned certain essential TALENT products, including the ODE report and the associated prints.

2. At the present time Hq USAF is receiving one copy of the ODE prints which are being employed for briefing key staff officers and preliminary Photo Study. The physical separation of the Target offices from the remainder of AFCIN and the difference in the manner of using the prints preclude the use of the one set of prints for fulfilling both the briefing study and target needs.

3. In view of the foregoing it is requested that the dissemination of ODE prints for Hq USAF be increased from one set to two sets. This request confirms the previous informal request to [redacted] made by telephone.
